Joint Practice Note No. 4

Development Control Parameters

Introduction

This joint practice note (JPN) promulgates the practices adopted by the Buildings Department (BD), Lands Department (LandsD) and Planning Department (PlanD) in respect of some development control parameters that are commonly encountered in the development process.

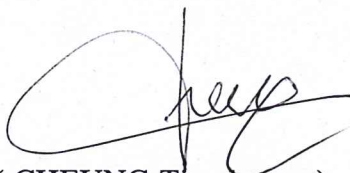

Practices amongst BD, LandsD and PlanD

2. Those development control parameters that the three departments have broadly adopted similar practices, subject to certain qualifications, are set out in the attached Appendix A.
3. It must be noted that the BD, LandsD and PlanD are acting in different capacities and exercising different functions, powers and rights under the respective Ordinances and Government Lease under their respective purview. Any functions, powers or rights exercised by any one of these departments shall not in any way affect the functions, powers and rights of any of the others.
4. In general, in processing building plans submission, PlanD would follow BD's practice in Gross Floor Area (GFA) calculation and granting of GFA concessions, subject to specific provisions in relevant statutory plans.
5. Owing to the variance of development parameters between individual leases and properties, each case will be considered on its own merit by LandsD.

6. This JPN is applicable to all new building plans or major revision of building plans for development proposals submitted to the Building Authority (BA) for approval on or after 1 April 2011.

7. Subject to section 16(3)(d) of the Buildings Ordinance, building plans approved by the BA prior to the implementation of the "January 2011" version of this JPN should make reference to the "November 2008" version (Appendix B).

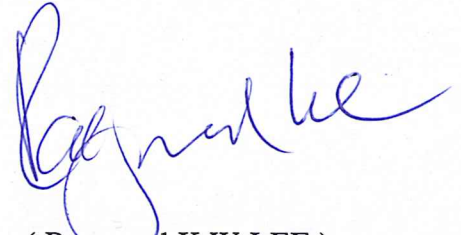

8. It must be further noted that nothing in this JPN (including appendices) shall in any way fetter or affect the rights of the Government, the Director of Lands and their officers under the Government Lease or their rights as lessor/landlord, who are exercising such rights in the capacity of a lessor/landlord and who hereby reserve all such rights, and that nothing in this JPN including any words and expressions used shall in any way affect the interpretation of the terms and conditions of the Government Lease.
